DETAILED ACTION

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance:

Irube (2001/0041586) discloses a communication terminal apparatus combined with a handset with high probability (Irube: paragraph 0001, lines 1-3). This apparatus comprises a "codec for performing converting operation between analogue voice data and digital voice data" (Irube: figure 1, item 23, wherein the voice codec is the codec), "camera module connected to a camera installed within the mobile terminal for performing converting operation between analogue image data and digital image data" (Irube: figure 1, items 4 and 25), "voice/image communication apparatus for multiplexing or demultiplexing the converted voice, image, direction data, and frame" (Irube: figure 1, items 17 and 20, wherein the multiplexer/demultiplexer are part of the communication apparatus, paragraph 0113, lines 1-4, wherein the frame is a combination of the voice, video, and direction or other data), "LCD module for displaying image and direction data as a single image" (Irube: figures 1 and 18, items 14, 16, and 28, wherein the camera direction sensor unit provides the direction data and the video encoder provides the image data), "a speaker" (Irube: figure 2) and a "control unit for controlling each unit generally" (Irube: figure 1, item 11). However, Irube fails to show a direction sensor for detecting the compass orientation direction of a photographing object and displaying the direction data within the LCD. Irube further fails to disclose the specifics of the bytes as claimed. A further search was conducted which failed to

yield any prior art. Therefore, the prior art fails to teach or render obvious these limitations taken within the others in the claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
